

The survey will work on small screens like mobile phones, but looks better and is easier to use if you can use a larger tablet or computer.

It is important to this person to think up new ideas and be creative; to do things one's own way.

Which of these statements best describes how you feel about the amount of energy you personally use at home?

☐ I feel I am now doing everything practical to use as little energy as possible at home

☐ I think there is a bit more I could practically do to use less energy at home

☐ I think there is a lot more I could practically do to use less energy at home

To what extent do you agree with the following statements about the IDEAL system?

	1: Strongly disagree	2	3	4: Neither agree nor disagree	5	6	7: Strongly agree
The information the system shows about the electricity use in your home is accurate	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The information the system shows about the gas use in your home is accurate	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The information the system shows about the temperature in your home is accurate	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

When you look at the feedback app, there are a lot of gaps in the data about your home (electricity, gas, temperature, humidity)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The system broke down or stopped working too much	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

When you have used the IDEAL feedback system, how often were the following a problem for you?

	1: Never	2	3	4: Half the time	5	6	7: Every time
The app was too slow	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
The app did not work correctly	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

How satisfied have you been with the appearance of the equipment that's been installed?

1: Not at all satisfied	2	3	4: Somewhat satisfied	5	6	7: Very satisfied

Please tell us what you liked **most** about being in the IDEAL project.

Please tell us what you liked **least** about being in the IDEAL project.

Please tell us what you found **most interesting** about being in the IDEAL project.

Please tell us what you found **least interesting** about being in the IDEAL project.

Please tell us any ideas or thoughts you have about how we could have done anything better in the IDEAL project.

As you know, you have been invited to continue in the IDEAL project after June. Whether or not you are continuing, please tell us one thing you would love to see or have as part of the next phase.
(We can't promise we'll be able to develop what you suggest, but we are keen to know what our participants would really like).

Do you have any other comments about the IDEAL system, the project, or anything else that you'd like to share with us now?

Finally, it would really help us to calibrate our sensor data if you could give us your current electricity and gas meter readings.

For both, write the numbers you see on your meter from left to right in the boxes below.
Please,
include any initial zeros
exclude numbers after the decimal point or in red.

You can write in extra comments below too. For example, if the meter readings are not from right now, please let us know by entering the date and time each was taken.
